FOOD SAFETY POLICY

INTERPOLYMER, one of the leading companies in its sector, has chosen to produce zero-defect food packaging with its trained personnel and advanced technology. To achieve this goal;

*Effectively implementing the Food Safety system in all process stages from raw material to presentation to the customer,

*Identifying and preventing nonconformities for Food Safety,

*Providing customer satisfaction by producing healthy and high-quality products,

*All INTERPOLYMER personnel must adopt and implement our Food Safety Policy.

*To comply with legal requirements to provide safe products.

*To ensure continuous improvement by increasing the awareness of our employees and following technology.

* APPOINTED AS MANAGEMENT REPRESENTATIVE AND HACCP TEAM LEADER.
